

Physical Draft Procedure

If a region (i.e. North, South or Central) has more than one team in an age group, a physical draft will be held. Physical draft dates will be set and administered by the booster club one to two weeks from the start of practice.

Player Draft Procedure

A member of the Parks and Recreation staff or Recreation Advisory Commission must be present to supervise each draft. An officer of the Booster Club will conduct each draft. Only Head Coaches will be allowed to select players.

Assistant coaches, parents and players will not be allowed to participate in any draft.

The following procedures will be used for all drafts:

1. Minimum and maximum roster sizes are determined prior to registration and governed by specific league rules set by the recreation department and the recreation advisory commission.
2. After signups are completed in each area, booster clubs will determine the number of teams they will sponsor in each age division.
3. Once numbers of teams has been determined, players should be divided equally on all teams being drafted for each respective age group.
4. Any person may not head or assistant coach more than one team per age group.
5. The head coach's child(ren) is/are protected and automatically on the team and does not need to be drafted by head coach.
6. *A head coaches' child may not play for another team in the same age group within the same booster club unless a written request explaining reasoning is presented to and approved by the booster club and the recreation department.
7. The assistant coach's child(ren) is/are not protected in the draft and therefore must be selected by head coach.
8. Siblings who play in the same age division must be taken on the same team unless otherwise requested by parents. *See #6 above.
9. A coach's draw will determine who drafts first and this order will be used throughout the draft.

10. Drafts will be done by age beginning with the oldest age in the division, i.e.; coaches in 9-10 age group will draft 10 year olds first and then the 9 year olds to best balance ages on each team. Same team may not draft first in each age group.

11. Once drafts are concluded and teams formed, trades or swapping of players will not be allowed unless approved by the booster club and the recreation department.

INTEGRITY OF THE DRAFT

Coaches and booster club representatives should work together to balance teams as fairly as possible within a given draft, those seeking to undermine the integrity of the draft in any way will be removed from their position within the booster club and or coaching.
